Schedule 2 : Acknowledgement of Access Rights

- 1 The Customer owns the Site.
- 2 The Customer is designing and constructing the Temporary Network Assets under the Model Standing Offer.
- 3 After completion of construction by the Customer, the Network Operator will connect the Temporary Network Assets to the Distribution Network.
- 4 The Customer acknowledges that upon connection to the Distribution Network, rights and obligations under the Electricity Supply Act 1995 will apply to the Temporary Network Assets and the Site.
- 5 The Customer specifically acknowledges the following rights and obligations of the Network Operator:
 - 5.1 The Network Operator may inspect, make safe, operate, change, maintain, remove repair or replace the Temporary Network Assets.
 - 5.2 The Network Operator will be responsible for the safety and reliability of the Temporary Network Assets.
- 6 The Customer specifically acknowledges the following obligations of the Customer:
 - 6.1 The Customer will provide the Network Operator and its authorised representatives safe access to the Temporary Network Assets.
 - 6.2 The Customer will comply with any safety requirements shown in the Design Drawing.
 - 6.3 The Customer will not do or permit to be done anything that could destroy, damage or interfere with the Temporary Network Assets.
 - 6.4 The Customer will not do or permit to be done anything that could make the Temporary Network Assets a potential cause of bushfire or potential risk to public safety.
- 7 The Customer agrees that it must remove the Temporary Network Assets at its cost within 3 years.
- 8 Access rights cease to apply upon removal of the Temporary Network Assets.
- 9 Capitalised expressions used in Schedule 2 are defined in Schedule 1.
